

TRAVIS COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT 17

3812 Eck Lane • Austin, Texas 78734
• Phone (512) 266-1111 • Fax (512) 266-2790

April 11, 2008

To Whom It May Concern:

On April 11, 2008, WCID #17 has changed the specifications for all pressure reducing valves (PRVs) being installed in our district. The requirements will be as follows:

- PRVs will have an all brass body,
- have a thermal expansion by-pass and stainless steel strainer,
- Watts N55B M1 or equivalent models are acceptable.

Please make all of your plumbers aware of this change. Inspectors will red tag any PRV that does not meet this specification starting **May 19, 2008**. Please call me at 748-2868 or by e-mail at hmarley@wcid17.org if you have any questions about this matter.

Yours truly,
