SEPTIC TANK PERMITTING AND INSPECTION INFORMATION

Water District 17 will discontinue water service to any property which has been shown to have a serious problem with the septic system or has no permitted septic system.

The Travis County Health Department is no longer responsible for permitting and inspection of septic systems. They do have some TNR people there, but they are primarily environmental. Here is the information:

1. ANYTHING IN THE CITY OF LAKEWAY IS **LCRA** RESPONSIBILITY FOR PERMITTING AND INSPECTION.
2. ANYTHING OUTSIDE LAKEWAY AND WITHIN **2000 FEET** OF THE LAKE (691 ELEVATION) IS **LCRA** RESPONSIBILITY ALSO. CALL 473-3200 TO FIND OUT IF A PROPERTY IS IN LCRA JURISDICTION.
3. ANYTHING IN THE **CITY LIMITS (NOT ETJ) OF AUSTIN** IS PERMITTED BY THE CITY OF **AUSTIN**.
4. EVERYTHING ELSE IS **TRAVIS COUNTY TRANSPORTATION AND NATURAL RESOURCES DEPT. (TNR)**. THIS IS THE DEPARTMENT TO CALL TO REPORT PROBLEMS WITH SEPTIC OR LACK OF SEPTIC. THIS IS ALSO THE DEPARTMENT TO CALL TO PERMIT A SEPTIC SYSTEM.
