#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Travis County Water Control and Improvement District No. 17 Travis County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Travis County Water Control and Improvement District No. 17 (the "District"), as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors Travis County Water Control and Improvement District No. 17

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### OTHER MATTERS

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 4 through 8 and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund on page 42 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

February 19, 2014

Management's discussion and analysis of Travis County Water Control and Improvement District No. 17's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2013. Please read it in conjunction with the District's financial statements, which begin on page 9.

#### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Revenues, Expenditures and Changes in Fund Balances. This report also includes other supplementary information in addition to the basic financial statements.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide portion of these statements provides both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of the government-wide statements is the Statement of Net Position. This information is found in the Statement of Net Position column on pages 9 through 12. The Statement of Net Position is the District-wide statement of its financial position presenting information that includes all of the District's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The government-wide portion of the Statement of Activities on pages 14 through 17 reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

### FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and

#### FUND FINANCIAL STATEMENTS (Continued)

collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position on page 13 and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in the Fund Balances to the Statement of Activities on page 18 explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

#### NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 40 in this report.

### **OTHER INFORMATION**

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$107,150,320 as of September 30, 2013.

A portion of the District's net position reflects its net investment in capital assets (e.g. water, wastewater and drainage facilities, as well as land, buildings, furniture, fixtures and equipment, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

The following is a comparative analysis of government-wide changes in net position:

\* As Adjusted, Note 15

#### FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of September 30, 2013, were \$65,552,360, an increase of \$22,685,593 from the prior year.

The General Fund fund balance increased by \$2,323,440, primarily due a decrease in administrative and operating costs, an increase in service revenues, and sale of assets.

The Debt Service Fund fund balance increased by \$1,729,648, primarily due to the structure of the District's outstanding debt service requirements and the sale of the two Series 2013 Refunding bonds.

The Capital Projects Fund fund balance increased by \$18,632,505, primarily due to the sale of Series 2012 and Series 2013 bonds of which proceeds have not been spent as of year end.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current fiscal year. Actual revenues were \$282,318 less than budgeted revenues. Actual expenditures were \$1,032,794 more than budgeted expenditures. See budget to actual comparison on page 42.

#### CAPITAL ASSETS

The District's capital assets as of September 30, 2013, amount to \$195,645,245 (net of accumulated depreciation). These capital assets include land, buildings and equipment as well as the water, wastewater and drainage systems. See also Note 6.

#### LONG-TERM DEBT ACTIVITY

At year-end, the District had total bond debt payable of \$146,835,136. The changes in the debt position of the District during the fiscal year ended September 30, 2013, are summarized as follows:

| Bond Debt Payable, October 1, 2012          | \$ 125,157,132        |
|---|-----------------------|
| Add: Bond Sale - Series 2012                | 23,915,000            |
| Add: Bond Sale - SRDA Series 2013 Refunding | 14,834,984            |
| Add: Bond Sale - SRDA Series 2013           | 2,550,000             |
| Add: Bond Sale - FRDA Series 2013 Refunding | 2,749,997             |

### TRAVIS COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 17 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2013

| Net Change in Fund Balances - Governmental Funds   | \$<br>22,685,593 |
|--|------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:   |                  |
| Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.   | 4,560            |
| Governmental funds do not account for depreciation. However, in the Statement of Net<br>Position, capital assets are depreciated and depreciation expense is recorded in the Statement<br>of Activities.   | (6,142,656)      |
| Governmental funds report capital expenditures as expenditures in the period purchased.<br>However, in the Statement of Net Position, capital assets are increased by new purchases and<br>the Statement of Activities is not affected.  | 6,812,263        |
| Governmental funds report bond insurance costs as expenditures and bond discounts and<br>bond premiums as other financing sources/uses in the year paid. However, in the Statement<br>of Net Position, the bond insurance costs, bond discounts, and bond premiums are amortized<br>over the life of the bonds and the current year amortized portion is recorded in the Statement<br>of Activities. | (1,406,803)      |
| Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.  | 4,786,977        |
| Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.  | 352,082          |
| Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.  | (44,049,981)     |
| Governmental funds report the payment to the refunded bond escrow agent as an other financing use. However, the refunding of outstanding bonds decreases long-term liabilities in the Statement of Net Position.   | <br>18,485,318   |
| Change in Net Position - Governmental Activities   | \$<br>1,527,353  |
|  |                  |

#### NOTE 1. CREATION OF DISTRICT

Travis County Water Control and Improvement District No. 17 (the "District"), was created by an Order of the Texas Water Commission, now known as the Texas Commission on Environmental Quality (the "Commission") of Travis County, Texas on December 8, 1958, and confirmed by the electorate of the District at a confirmation election held on February 28, 1959. The Board of Directors (the "Board") held its first meeting in December 1958, and the first bonds were sold on November 15, 1959. The District operates and maintains a water treatment and distribution system in Travis County, Texas under Chapter 51 of the Texas Water Code. The District is a political subdivision of the State of Texas and operates under an elected Board of Directors.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

#### Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting.

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Financial Statement Presentation (Continued)

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

#### **Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated to obtain net total revenues and expenses in the government-wide Statement of Activities.

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the governmentwide statements. The fund statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

#### Governmental Funds

The District has three governmental funds and considers these funds to be major funds.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

#### Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due. The District has applied a current accounting standard that provides for an exception to the basic concept that long-term indebtedness is not reported as an expenditure until the amount becomes due and payable. This exception allows the District to record the October 1, 2013, debt service payments as expenditures during the current fiscal year.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as another financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. The General Fund recorded a liability to the Debt Service Fund in the amount of \$314,191 for subsequent user fees and to the Capital Projects Fund in the amount of \$2,509,381 for construction costs paid in a prior fiscal year. The Debt Service fund recorded a liability to the General Fund in the amount of \$2,110,317 for maintenance tax collections. During the current fiscal year, the District's Capital Projects Fund transferred \$1,623,112 to the Debt Service Fund for bond principal and interest payments.

#### Capital Assets

Capital assets, which include land, construction in progress, infrastructure assets, buildings, furniture, fixtures and equipment are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Interest costs, including developer interest, engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost of \$5,000 or more and a useful life of at least two years. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

|                                   | Years |
|-----------------------------------|-------|
| Buildings                         | 30    |
| Water System                      | 20-50 |
| Wastewater System                 | 20-50 |
| Drainage System                   | 20-50 |
| Furniture, Fixtures and Equipment | 5-10  |

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Budgeting**

In compliance with governmental accounting principles, the Board of Directors annually adopts an unappropriated budget for the General Fund. The budget was not amended during the current fiscal year.

#### Pensions

The District has 55 full-time employees. Payments are made into the social security system for them. The Internal Revenue Service has determined that the District's directors are considered to be "employees" for federal payroll tax purposes only. A separate pension plan has not been established for the directors. See Note 9 for full-time employees retirement plan.

#### Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

*Committed*: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board.

### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus (Continued)

*Assigned*: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

#### Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### New Pronouncements

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position,* which is effective for fiscal years beginning after December 15, 2011, provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent the consumption of the District's net assets that is applicable to a future reporting period, and deferred inflows of resources, which represent the District's acquisition of net assets applicable to a future reporting period. GASB Statement No. 63 has been implemented in these financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which is effective for fiscal years beginning after December 15, 2012, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. GASB Statement No. 65 has been early implemented in these financial statements.

#### NOTE 3. LONG TERM DEBT (Continued)

As of September 30, 2013, the debt service requirements on the bonds outstanding were as follows:

| Fiscal Year | <br>Principal     |    | Interest   |    | Total       |
|-------------|-------------------|----|------------|----|-------------|
| 2014        | \$<br>4,946,743   | \$ | 6,459,194  | \$ | 11,405,937  |
| 2015        | 6,034,566         |    | 5,807,500  |    | 11,842,066  |
| 2016        | 6,618,843         |    | 5,394,896  |    | 12,013,739  |
| 2017        | 6,422,389         |    | 5,752,379  |    | 12,174,768  |
| 2018        | 6,727,595         |    | 5,619,985  |    | 12,347,580  |
| 2019-2023   | 38,760,000        |    | 20,407,390 |    | 59,167,390  |
| 2024-2028   | 35,930,000        |    | 12,250,456 |    | 48,180,456  |
| 2029-2033   | 30,265,000        |    | 4,894,829  |    | 35,159,829  |
| 2034-2038   | <br>11,130,000    |    | 1,162,549  |    | 12,292,549  |
|             | \$<br>146,835,136 | \$ | 67,749,178 | \$ | 214,584,314 |

#### NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

A. The outstanding Series 1999, Steiner Ranch Defined Area Unlimited Tax and Refunding Bonds, Series 2006B, Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2011, Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2012, Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2013, Steiner Ranch Defined Area Unlimited Tax Refunding Bonds and Series 2013, Flintrock Ranch Estates Defined Area Unlimited Tax Refunding Bonds include both current interest bonds and capital appreciation bonds. The interest shown above, with respect to the capital appreciation bonds, includes the interest to be paid on the bonds maturing in the respective years and does not include accrued interest on bonds not maturing in those years. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

The bond resolutions require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and cover the cost of assessing and collecting taxes. These provisions have been met, and the cash allocated for these purposes is sufficient to meet debt service requirements through the fiscal year ended September 30, 2013.

# NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS (Continued)

- A. The Series 1997 bond resolution requires the District to use fees collected from users in the Apache Shores water system for payment of the interest and principal on bonds when due.
- B. The bond resolutions state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data with respect to the District to the Municipal Securities Rulemaking Board. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.
- C. For the Bonds sold, the District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds be rebated to the federal government, within the meaning of Section 148(f) of the Internal Revenue Code. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue.

#### NOTE 5. DEPOSITS AND INVESTMENTS

#### <u>Deposits</u>

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$986,089 and the bank balance was \$1,697,156. Of the bank balance, \$522,068 was covered by federal depository insurance and the balance was covered by collateral pledged in the name of the District and held in a third-party depository.

## **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

#### Deposits (Continued

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at September 30, 2013, as listed below:

|                       | <br>Cash      |
|-----------------------|---------------|
| GENERAL FUND          | \$<br>363,190 |
| DEBT SERVICE FUND     | 34,343        |
| CAPITAL PROJECTS FUND | <br>588,556   |
| TOTAL DEPOSITS        | \$<br>986,089 |

#### Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to and yield, sixth. The District's investments must be made "with judgment and care, under liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. Authorized investments are summarized as follows: (1) obligations of the United States or its agencies and instrumentalities, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states, agencies, counties, cities, and other political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel,

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

#### Investments (Continued)

(7) insured or collateralized certificates of deposit, (8) certain fully collateralized repurchase agreements secured by delivery, (9) certain bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

All investments are recorded at cost, which the District considers to be fair value. The District invests in TexPool and TexSTAR, external investment pools that are not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the TexPool. Federated Investors, Inc. manages the daily operations of the TexPool under a contract with the Comptroller. First Southwest Asset Management, Inc. and JPMorgan Chase manage the daily operations of TexSTAR. The fair value of the District's position in the pool is the same as the value of pool shares.

As of September 30, 2013, the District had the following investments and maturities.

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2013, the District's investments in TexPool and TexSTAR were rated "AAAm" by Standard and Poor's. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and TexSTAR to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

#### <u>Restrictions</u>

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

## NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2013:

## NOTE 7. PROPERTY TAX

The combined tax rate was \$0.06 per \$100 assessed valuation District-wide, except for the Steiner Ranch Defined Area, Flintrock Ranch Estates Defined Area, and the Serene Hills Defined Area. The Steiner Ranch Defined Area, Flintrock Ranch Estates Defined Area, and Serene Hills Defined Area had additional tax rates of \$0.4926, \$0.4988, and \$0.65 per \$100 assessed valuation, respectively. The total 2012 tax levy was \$11,492,433 based on a taxable valuation of \$5,792,989,185.

The District's tax calendar is as follows:

| Levy Date       | - | October 1, as soon thereafter as practicable.                              |
|-----------------|---|--|
| Lien Date       | - | January 1.   |
| Due Date        | - | Upon receipt but not later than January 31.                                |
| Delinquent Date | - | February 1, at which time the taxpayer is liable for penalty and interest. |

#### NOTE 8. IMPACT FEES

In July 1984, the District's Board voted for an amendment to the District's Rules and Policies which provides for the assessing of certain fees from developers in the area serviced by the District. These fees are kept separate from other revenue of the District and are used for the purpose of constructing improvements to the District's water treatment, storage, pumping and transmission facilities.

In December 1987, the District and Steiner Ranch Development Corporation (the "Developer") entered into an annexation agreement. In May 1988, the voters of the District approved the issuance of Defined Area Bonds for the annexed land. The issuance of the Defined Area Bonds is for payment and reimbursement to the Developer for a portion of all costs to provide water, sewer and drainage facilities for the annexed land. The District cannot issue new Steiner Ranch Defined Area debt if the tax rate for payment of debt service on the Defined Area Bonds is greater than \$0.89 minus the District-wide tax rate per \$100 assessed valuation.

In September 1999, the District's Board adopted the Land Use Assumptions and Capital Improvements Plan for wastewater facilities to serve the southern portion of the District. By adoption, the Board approved a wastewater impact fee of \$5,250. These fees are kept separate

#### NOTE 8. IMPACT FEES (Continued)

from other revenue of the District and are used for the purpose of constructing improvements to the District's wastewater treatment storage, pumping and transmission facilities. At September 30, 2013, the District had committed fund balance related to these impact fees of \$5,985,059.

#### NOTE 9. DEFERRED COMPENSATION PLANS

The District offers its employees a deferred compensation plan established in accordance with Internal Revenue Code 457 and a deferred compensation plan established in accordance with Internal Revenue Code 401(a). Assets and income of the District's plans are held in custodial accounts with a bank for the exclusive benefit of participants and their beneficiaries. Accordingly, the plans' assets and liabilities are not recorded in the District's basic financial statements.

#### NOTE 10. COMMITMENTS

The District has entered into construction contracts for the following projects as of September 30, 2013:

|  | R  | lemaining |
|--|----|-----------|
| Project Name   | Co | mmitments |
| Mansfield Water Treatment Pant - Membrane Equipment Purchase | \$ | 1,352,790 |

The District has entered into several Cost Share Agreements between the District and the Developers for the sharing of construction and engineering expenses related to various projects. The Cost Share Agreements represent the respective pro-rata share of capacity each party shall have in the projects.

In May 2010, the District entered into an agreement with a developer resulting in the District receiving approximately 41 acres of land in Serene Hills Defined Area. As consideration for the land, the District will credit the developer for payment of water and wastewater impact fees incurred in the future. As a result of this transaction, the District has unearned revenue (which is reflected as a long-term liability in the Statement of Net Position) of \$2,127,360 at September 30, 2013 in the government-wide financial statements.

#### NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three fiscal years.

#### NOTE 12. BOND SALES

On March 21, 2012, the District issued \$11,160,000 of Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2012 with interest rates of 2.00% - 4.50% to refund \$425,000, \$3,750,000, \$2,845,000 and \$4,140,000 of the District's remaining balances of it Series 2002, Series 2003, Series 2004A and Series 2006A bonds, respectively. The net proceeds of \$11,670,106, plus \$260,000 of available Debt Service Fund monies, were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position. The effect of the refunding was to decrease the District's total debt service requirements by \$520,853 and at the same time obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$408,928.

On October 9, 2012, the District closed on the sale of its \$23,915,000 Water and Sewer System Revenue Bonds, Series 2012. The District will use the proceeds of the bond sale to fund planned construction projects and issuance costs of the bonds.

#### NOTE 12. BOND SALES (Continued)

On March 6, 2013, the District issued \$14,834,984 of Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2013 with interest rates of 2.00% - 3.25% to refund \$375,000, \$930,000, \$945,000, \$3,940,000, \$5,725,000 and \$2,920,000 of the District's remaining balances of it Series 2003, Series 2004, Series 2004A, Series 2005, Series 2006A and Series 2007 bonds, respectively. The net proceeds of \$15,389,503, plus \$280,000 of available Debt Service Fund monies, were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position. The effect of the refunding was to decrease the District's total debt service requirements by \$1,561,017 and at the same time obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,320,152.

On April 18, 2013, the District closed on the sale of its \$2,550,000 Steiner Ranch Defined Area Unlimited Tax Bonds, Series 2013. The District used proceeds of the bond sale to reimburse the Developer for the construction of facilities to serve the Steiner Ranch Defined Area. Additional proceeds were used to cover issuance costs of the bonds.

On May 23, 2013, the District issued \$2,749,997 of Flintrock Ranch Estates Defined Area Unlimited Tax Refunding Bonds, Series 2013 with interest rates of 2.00% - 3.375% to refund \$755,000 and \$1,995,000 of the District's remaining balances of it Series 2003 and Series 2006 bonds, respectively. The net proceeds of \$2,815,816 were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds has been removed from the

Subsequent to year end, on February 4, 2014, the District issued \$6,829,999 of Steiner Ranch Defined Area Unlimited Tax Refunding Bonds, Series 2014 with interest rates of 2.00% - 4.00%.

#### NOTE 13. WATER SUPPLY CONTRACTS

#### Contract 59757

On May 23, 2001, the District entered into a contract with the Lower Colorado River Authority (LCRA) for the right to divert up to 8,800 acre-feet (2,867,920,000 gallons) of raw water per annum from the Lake Travis in Travis County, Texas. This contract was amended on April 7, 2011. Water supplied under this contract will be utilized for municipal uses only. The term of the contract is 50 years, ending on May 23, 2051.

On a monthly basis, the District agrees to pay an amount equal to the water rate determined by the Board of Directors of LCRA to then be in effect for all sales of water for municipal purposes times the amount of water diverted during the previous month. On a calendar year basis, the District agrees to pay an amount equal to the rate determined by the Board of Directors of the LCRA, to then be in effect for diversion of water in amounts in excess of the maximum annual quantity (the "Inverted Block Rate"). As of September 30, 2013, the raw water rate was \$151/acre-feet of water and the Inverted Block Rate was \$302/acre-feet of water. During the current fiscal year, the District incurred cost of \$1,061,333 in relation to Contract 59757 with the LCRA.

### **NOTE 13.** WATER SUPPLY CONTRACTS (Continued)

#### Contract 58898

On June 26, 2003, the District entered into a contract with the LCRA for the right to divert up to 554 acre-feet (180,520,000 gallons) of raw water per annum from the Lake Travis in Travis County, Texas. Water supplied under this contract will be utilized for recreational uses only. The term of the contract is 10 years, and ended in the current fiscal year.

#### Contract 8000287348

On August 16, 2013, the District entered into a contract with the LCRA for the right to divert up to 494 acre-feet of raw water per annum from the Lake Travis in Travis County, Texas. Water supplied under this contract will be utilized for recreational uses only. The term of the contract is 10 years.

On a monthly basis, the District agrees to pay an amount equal to the water rate determined by the Board of Directors of LCRA to then be in effect for all sales of water for recreational purposes times the amount of water diverted during the previous month. On a calendar year basis, the District agrees to pay an amount equal to the water rate times 50% of the "reserved water", which is the difference between the maximum annual quantity and the amount of water actually diverted. In addition, the District agrees to pay an amount equal to the rate determined by the Board of Directors of the LCRA, to then be in effect for diversion of water in amounts in excess of the maximum annual quantity (the "Inverted Block Rate"). As of September 30, 2013, the raw water rate was \$151/acre-feet of water, the reserved water rate was \$75.50/acre-feet of water and the Inverted Block Rate was \$302/acre-feet of water. During the current fiscal year, the District incurred cost of \$65,594 in relation to this contract with the LCRA.

#### NOTE 14. WHOLESALE WASTEWATER SERVICE AGREEMENTS

#### West Travis County Public Utility Agency

On May 10, 2007, the District entered into a Wholesale Wastewater Service Agreement with the Lower Colorado River Authority (LCRA). The First Amendment to the agreement was approved on January 6, 2009. In addition, on February 16, 2012, the District consented to the assignment of this agreement from the LCRA to the West Travis County Public Utility Agency (the "PUA"). In accordance with the agreement, the PUA agrees to collect, treat and dispose of wastewater originating from the Falconhead West development. The PUA will provide up to a maximum monthly flow rate of 100 gallons per minute and a peak flow rate of 400 gallons per minute. The District has installed flow meters to accurately account for the flow of wastewater

#### West Travis County Public Utility Agency (Continued)

to the PUA. The PUA will establish rates, charges and fees for the service provided under the agreement. As of September 30, 2013, the minimum monthly fee being charged to the District was \$2,500. The District is also charged \$3.25 per 1,000 gallons of actual flow through the meters. During the current fiscal year, the District incurred \$94,402 in charges related to this agreement for wastewater delivered to the PUA.

#### Lakeway Municipal Utility District

On December 23, 2005, the District entered into an Agreement for Wholesale Wastewater Service with Lakeway Municipal Utility District (Lakeway). The First Amendment to the agreement was approved on December 17, 2009. In accordance with the agreement, Lakeway commits and agrees to accept and treat up to 600 living unit equivalents (LUE's), as defined in the agreement, of wastewater from development within the District. The purchase price to be paid by the District for each LUE is \$7,300. As of September 30, 2013, the District had purchased 305 LUE's from Lakeway. The District is required to make monthly reservation fee payments to Lakeway in the amount \$15 per month per LUE for the remainder of the 600 LUE's of capacity being made available by Lakeway for purchase under this agreement. The reservation fee paid each month during the current fiscal year was \$4,425 (\$15 multiplied by 295 unfunded LUE's). In addition, Lakeway charges a monthly volume charge for wastewater that flows through meter. The current volume charge, as of September 30, 2013, is \$3.87 per 1,000 gallons of flow. During the current fiscal year, the District paid Lakeway \$31,823 for volume charges in relation of actual wastewater flows.

#### NOTE 15. PRIOR PERIOD ADJUSTMENTS

GASB Statement No. 65 was implemented in the current fiscal year. Bond issuance costs previously reported as assets to be amortized over the life of the related debt are now recognized as an expense in the period in which the bonds are sold. The effect of this change in accounting principle is as follows:

| Net Position - October 1, 2012              | \$ 110,952,010 |
|---|----------------|
| Effect of Adjustment                        | (5,329,043)    |
| Net Position - October 1, 2012, As Adjusted | \$ 105,622,967 |
