Austin, TX 78754
800-963-4776

TDS

Mon-Sat (7am- Sunset)
3016 FM 1327
Creedmoor, TX 78610
512-421-1363

Travis County*

Mon-Fri (7-5:15)
Sat. (7-12:30)
9600 FM 812
Austin, TX 78719
512-243-6300

Williamson County (Waste Management)

Mon-Fri (7-5) Sat (7-12)
600 Landfill Rd.
Hutto, TX 78634
512-759-8881

* Type IV landfills only accept brush and construction debris.

It is always a good idea to call the collection stations and landfills to verify operating hours and materials collected.

What You Can Do

- Dispose of your litter properly and encourage others to do the same.
- Find a recycling and waste drop off locations at capcog.org.
- Spread the word to friends and neighbors that illegal dumping is a crime.
- Organize volunteer cleanups of illegal dumpsites.
- Write or call your local elected officials to let them know your concerns.
- Report illegal dumping to the Regional Environmental Task Force (see details inside).

Illegal Dumping in Texas

The illegal disposal of waste along highways, at dead-end streets, in parks, and along watersheds, creeks, and rivers, is a dangerous and growing problem in the Central Texas region.

Illegally dumped trash often includes furniture, auto parts, appliances, lead acid batteries, household garbage, building materials, abandoned vehicles, used tires, waste drums, and chemicals such as paint, oil, and antifreeze.

These materials can be dangerous to our health and safety. Hazardous chemicals can pollute surface and groundwater.

Rotting garbage provides a breeding ground for disease-carrying rodents, and broken glass can seriously injure children.

Penalties

Illegal dumping is serious business, and tough Texas laws can punish dumpers with both fines and jail time. Here is a small sample of some of the laws that pertain to illegal dumping.

Solid Waste

TX Health and Safety Code, Section 365

Class C - Solid waste weighing 5 pounds or less or with a volume of 5 gallons or less. Fine up to \$500.

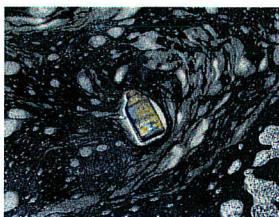

Class B - Solid waste weighing more than 5 but less than 500 pounds or with a volume of more than 5 gallons but less than 100 ft³. Jail up to 180 days and a fine up to \$2,000.

Class A - Solid waste weighing 500 -1000 lbs., or with a volume of 100-200 ft³, or disposed for a commercial purpose weighing 5-200 lbs. or having a volume of 5 gallons to 200 ft³. Jail up to one year and a fine up to \$4,000.

Felony - Solid waste illegally disposed weighing 1000 lbs. or more or having a volume of 200 ft³ or more, or disposed of for commercial purpose and weighing more than 200 lbs. or having a volume of 200 ft³ or more, or contained in a closed drum or barrel. Imprisonment up to 2 years and/or up to \$10,000 fine.

Water Quality

TX Water Code, Sec. 7.145

Intentional or knowing discharge of a waste or pollutant that threatens to cause water pollution. Each day is a separate offense. Imprisonment up to five years and a fine of \$1000 to \$100,000.

Junked Vehicles

TX Transportation Code, Sec. 683

Inoperable vehicle visible from public right-of-way. Fine up to \$200, vehicle may be abated.

Used Oil (Felony)

TX Water Code, Sec. 7.176

Improper disposal, storage, or handling of any used oil. Each day is a separate offense. Fine of \$1,000-\$50,000 and imprisonment up to 5 years.

Batteries

TX Water Code, Sec. 7.185

Disposing or discarding of a lead-acid battery except to an authorized collection or recycling business or facility. Each battery and each day is a separate offense. Jail up to one year and fine up to \$4,000.

“OK —
so who
do I
call?”

Report illegal dumping or get information about legal disposal options by contacting

**The Regional Environmental Task Force
Coordinator**
512-916-6005
or
Illegal Dumping Hotline
1-877-NO-DUMPS

Did you know?
**Local taxpayers pay the cost of
cleaning up dumps on public
lands and rights-of-way.**

Who are we?

The Regional Environmental Task Force is a ten county network of law enforcement and health department officers working to prevent illegal dumping and other environmental crimes.

For additional information about the Task Force or upcoming training, contact the Regional Environmental Task Force Coordinator at 512-916-6005.
